Special protective equipment

In case of fire do not breathe fumes Appropriate breathing apparatus may be required.

06. Accidental release measures

Personal precautions

Keep away from ignition sources on account of the organic solvent content and air room well. Do not inhale vapours. Refer to protective measures listed in sections 7 and 8. Take the precautions customary when handling chemicals. Sweep-up to prevent slipping hazard.

Environmental precautions

Do not empty into drains.

Methods for cleaning up/collecting

Contain and collect spillage with non-combustible absorbent materials, e.g. sand, earth, vermiculite, diatomaceous earth and place in container for disposal according to local regulations (see section 13).

07. Handling and storage

Information for safe handling

Normal precautions taken when handling chemicals should be observed. Keep away from food, drink and animal feeding stuffs.

Information about protection against explosions and fires

Keep away from ignition sources - No smoking.

Requirements to be met by storerooms and containers

Make sure that ventilation is adequate.

Further information about storage conditions

Store containers tightly closed in a cool well ventilated place. Avoid heating over 50°C. Avoid cooling to under 0°C.

08. Exposure controls/personal protection

Personal protective equipment

General protective and hygiene measures

The usual precautionary measures for the handling of chemicals have to be observed. Do not eat or drink during work - no smoking. Keep away from food, drink and animal feeding stuff Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and solvent vapour below the OEL, suitable respiratory protection must be worn.

Respiratory protection

None, but avoid breathing vapours if possible.

Hand protection

Avoid contact with the skin and mouth. Solvent-resistant protective gloves must be worn.

Eye protection

Use safety glasses.

Body protection

Light protective clothing.
